700 Aliceanna Street ★ Baltimore, Maryland*

Total Health Care, Inc.

OUR MISSION

Total Health Care, a not-for-profit organization, was established in 1969 and although the name has changed over the years, the organization's theme has remained – *Committed to Keeping Health Care in Our Communities*.

Total Health Care's mission is to improve the health and quality of life for residents of Maryland regardless of their ability to pay. Our goal is to provide communities with high quality healthcare, as well as health education, outreach, and preventive health programs that change lifestyles and at risk behaviors.

OFFERING QUALITY HEALTHCARE TO NEIGHBORHOODS

Total Health Care has eight community centers located throughout various Baltimore neighborhoods. These centers offer a wide range of high quality services that are coordinated and managed by a dedicated, caring and compassionate team of medical professionals who believe that the patient and provider must become true partners in managing one's health. Services are provided to patients of all ages from newborns to adolescents to adults and seniors.

Total Health Care is dedicated to providing accessible, affordable and quality healthcare to anyone in need regardless of language, financial, and cultural differences. Our medical professionals are licensed and credentialed in their respective fields. Total Health Care works with many community organizations and local and national healthcare funding agencies to expand our services and programs to improve the lives of patients and their families.

COMMUNITY PROGRAMS

Diabetes Program

Our diabetes program staff instructs our community and patients on how to detect, manage, and prevent this serious disease.

Health Education and Community Outreach

We offer families and neighborhoods the opportunity to take charge of their health through proper diet, education, screenings, and workshops on and off site.

HIV Program

HIV/AIDS continues to be an epidemic and our mission is to provide a comprehensive, family-centered, and culturally-sensitive approach to enhancing the quality of life for our patients and their families.

Pediatric Asthma Program

Our staff treats pediatric patients and provides medical exams, treatment, asthma education, and many services to children suffering from asthma.

Substance Abuse Program

We provide a full range of support and treatment services to help people who are struggling to overcome their addictions.

Women's Health Care

From childbirth to menopause and beyond, we provide effective services for women.

Uninsured Program

We are dedicated to providing healthcare services to those who do not have insurance and are unable to pay.

Men's Health Program

We provide a full range of healthcare services specific to men's needs.
